

What To Do For a Cough

The easiest and altogether best way to treat coughs is to take

This medicine has been the stand-by of thousands of people for a generation. It brings almost instant relief in all cases and even those harsh and lung-weakened coughs that are so prevalent at this time are rapidly subdued by this reliable and pleasant medicine. Linonine renews and warms the blood and builds up the entire system. One bottle (two sizes, 60c, \$1.20), will demonstrate its great worth to you. To be had at all drug stores.
